Biology NSF Fellowship Winners

Several Hunter College Biology students won NSF Doctoral Fellowships.

Winners

- Dina Buitrago
- Hila Chase
- Thomas Hart

Honorable Mention:
Dina (left) was a student in the **Hunter RISE program**. In the Fall she will be going to UCSF for graduate work in Pharmacogenomics. Hila (on the right) was a student with the **Hunter MARC program**. She is currently at the University of Montana. Thomas Hart (middle) was a Bioinformatics student who worked with professor **Weiqang Qiu** and was in the **Macaulay Honors program**. He is pursuing graduate work at Rockefeller University. Ariel (bottom right) was also in the **MARC program** and is at Stanford.
